

Build-a-Book

What is 'Build-a-Book'?

Build-a-Book is a Lifeworlds Learning initiative for key stage 2 learners. It is a carefully designed programme delivered in school and will support learners to build a book in a single day!

Build-a-Book has been created by experienced educationalists, primary teachers and established children's author, Rob Bowden. Rob will lead the day in your school and Lifeworlds will work closely with you to make sure everything is properly resourced and planned.

It is a day of learning, discovery, thinking, teamwork and fun!

What do you get?

Build-a-Book is fully resourced by Lifeworlds Learning who will supply materials, briefing notes and support for teachers. It has been developed to encourage:

- * literacy skills
- * media skills
- * ICT skills
- * critical thinking
- * teamwork and cooperation

Explore more about *Build-a-Book* at:
www.lifeworldslearning.co.uk/buildabook.html

What's your focus?

One of the advantages of *Build-a-Book* is that in most cases it can be adapted to your particular interests or focus. With sufficient lead time we can create a *Build-A-Book* to suit you.

- * Have a school link with Kenya - why not focus on that?
- * Studying Waste and Recycling - why not make a book about it?
- * Learning about the Victorians - put it in a book?

Alternatively you can choose from one of our growing number of *Build-A-Book* topics:

Environment - water, recycling, energy, food, climate change;

Regions - Africa, Asia, Europe;

Countries - India, Kenya, China, UK, South Africa, Italy;

Social issues - population, identity, poverty world religions;

History - Romans, Vikings, Egyptians, Victorians.
